THE FOREGOING AGREEMENTS, ACKNOWLEDGMENTS, WAIVERS, RELEASES AND COVENANTS OF GRANTOR SET FORTH IN THIS SECTION 3(b) SHALL RUN WITH THE GRANTOR PROPERTY AND SHALL BE BINDING ON EVERY PERSON HAVING AN INTEREST IN ANY PORTION OF THE GRANTOR PROPERTY.

4. **Maintenance; Compliance.** Notwithstanding anything to the contrary contained herein:

(a) *Permitted Trail Improvements.* Grantee shall maintain the Trails located on the Grantor Property in good condition and repair consistent with their intended use and in accordance with all applicable laws. Grantee shall have the exclusive right (and Grantor shall have no right): (i) to install, maintain or remove signage, fencing and other Trail-related improvements, including, without limitation, trail features (collectively, the "**Permitted Trail Improvements**") on or immediately adjacent to the Trails; (ii) to relocate or otherwise modify or adjust such Permitted Trail Improvements on the Trails and/or within the area immediately adjacent to such Trails; (iii) to alter, repair, replace, relocate and modify the Trails or install new Trails on, over, across or through the Common Areas or the Recreational Easement Area; and/or (iv) to make topographical changes to the Grantor Property for the necessity and convenience of locating the Trails (including improvements as needed to provide structural support and erosion control). Notwithstanding the foregoing, if Grantee desires to install any new Trails or Permitted Trail Improvements, or relocates existing Trails or Permitted Trail Improvements, within the Common Areas, then Grantee shall first consult with Grantor with respect to such movement to endeavor to coordinate the activities of Grantor on the Common Areas with those of Grantee, and any such installation or relocation shall be done in a commercially reasonable manner (and in a manner and in a location that minimizes interference with any ongoing development by Grantor in the Common Areas as contemplated in the Conceptual Plan) and in compliance with all applicable laws. In addition, in the event Grantee desires to either (x) install new Trails or relocate any existing Trails or (y) install a Permitted Trail Improvement, in

each case, within the Grantor Property, but outside of the Common Areas, then any such installation or relocation shall be subject to the prior written consent of Grantor, which consent shall not be unreasonably withheld, conditioned or delayed unless such installation, development, construction or relocation materially interferes with the activities of Grantor in developing the Project. In connection with the use, alteration, repair, replacement and modification of the Trails or Permitted Trail Improvements of Grantee on the Grantor Property, the applicable Grantee Permitted Users shall exercise the same care as they would exercise in connection with the same activities on the Grantee Property.

(b) *Alternate Location of Grantee Facilities.* Grantee shall, at its sole cost and expense, construct, maintain, replace, alter, modify and repair the Grantee Facilities in good condition and repair reasonably consistent with their intended use and in accordance with all applicable laws. In the event Grantee desires to either install or relocate Grantee Facilities or Trails within the Grantor Property, but outside of the Recreational Easement Area, then any such installation or relocation shall be subject to the prior written consent of Grantor, which consent shall not be unreasonably withheld, conditioned or delayed unless such installation, development, construction or relocation materially interferes with the activities of Grantor in developing the Project.

(c) *Cooperation.* Grantor shall use commercially reasonable efforts to cooperate with Grantee in obtaining any and all land use entitlements, building permits, and related approvals in connection with the construction and operation of the Grantee Facilities.

(d) *Compliance with Applicable Law.* Grantor and Grantee shall promptly and timely comply with all applicable laws, statutes and ordinances (including codes, approvals, permits and zoning regulations and ordinances) and the orders, rules, regulations, interpretations, directives and requirements of all governmental authorities, whether now or hereafter in effect, requiring compliance in, to or upon, or with respect to its use and maintenance of the Easement Areas. Without limiting the generality of the foregoing, (i) Grantor shall not, and shall not permit any Residents or Affiliates of Grantor to take any action with respect to any Easement Area that would violate Environmental Laws and (ii) Grantee shall not, and shall not permit any Grantee Permitted User to take any action with respect to any Easement Area that would violate Environmental Laws.

5. **Grantor Building Restrictions.** No building or other above ground improvements shall be constructed by Grantor or its successors or assigns within the Recreational Easement Area or within twenty feet (20') from any Grantee Facility, and no disturbance of any building site shall occur within twenty feet (20') from the edge of any ski run or the edge of any Grantee Facilities Easement, except as may be approved in writing by Grantee, which approval may be withheld in Grantee's sole and absolute discretion.

6. **Duration.** This Agreement and the Easements will continue as to all or any of the Easement Areas, or any portion thereof (as applicable), until, as to any Easement, Grantor and Grantee execute and record a written acknowledgement terminating this Agreement with respect to such Easement or portion thereof. Notwithstanding anything to the contrary in this Agreement, no default by a Party shall result in the termination of this Agreement or any of the rights and obligations of the Parties set forth herein.

7. **Contraction of Recreational Easement Area.** In connection with the preparation of residential subdivision plats for the Grantor Property, Grantee shall upon the written request of Grantor and delivery of a copy of the applicable preliminary plat, identify those areas within the proposed applicable subdivision phase that are not required to be included in the Recreational Easement, the Grantee Facilities Easement and/or the Access Easement Recreational Easement (each a "**Contraction Area**"), which identification shall be made in Grantee's reasonable discretion considering the operational needs of Grantee and/or the Mountain Operator. Upon identification of a Contraction Area, Grantor and Grantee shall cause

to be recorded a “**Contraction and Partial Vacation of Easement Area**” vacating the Recreational Easement, the Grantee Facilities Easement and/or the Access Easement, each as applicable, with respect to the identified Contraction Area. Grantor shall cause the Easements created pursuant to this Agreement, as the same may be modified pursuant to this Section 7, to be reflected on all subdivision plats recorded with respect to the Grantor Property.

8. **Not a Public Dedication.** This Agreement and the Easements are not and will not be deemed to be a gift or dedication of any portion of the Easement Areas to or for the general public or for any public purposes whatsoever. In the event Grantor has a good faith belief that, in connection with a change in law or applicable regulation, as a result of the use of any Easement by Grantee or the Grantee Permitted Users, an Easement Area would reasonably be expected to be deemed a gift or dedication of the applicable Easement Area to or for the general public or for any public purpose, then, upon the written request of Grantor, Grantee shall amend the manner of use of the applicable Easement Area to minimize such risk that the Easement Area would reasonably be expected to be deemed a gift or dedication thereof, provided, Grantor executes any amendments to this Agreement reasonably requested by Grantee to permit Grantee to amend such manner of use while preserving to the greatest extent possible the Permitted Uses for such Easement Area pursuant to the terms hereof.

9. **Mutuality; Reciprocity; Runs with the Land.**

(a) The Easements, and the rights and obligations granted or created by this Agreement, are appurtenances to the Grantee Property, and none of the Easements or such rights or obligations may be transferred, assigned or encumbered except as an appurtenance to the Grantee Property. For purposes of clarity, the Parties acknowledge that Grantee may assign its rights hereunder to the Mountain Operator in connection with its conduct of Mountain Operations. With respect to the Easements, the Grantee Property constitutes the dominant estate, and the Grantor Property constitutes the servient estate.

(b) Each of the Easements and rights contained in this Agreement (whether affirmative or negative in nature) (i) constitute covenants running with the land, (ii) bind every person having an interest in any portion of the Grantee Property, the Grantor Property and the Easement Areas (as the case may be) at any time or from time to time to the extent such portion is affected or bound by the easement or right in question, or to the extent that easement or right is to be performed on such portion, (iii) inure to the benefit of and be binding upon the Parties and their respective permitted successors and assigns, and (iv) create mutual, equitable servitudes.

10. **Indemnification.** With respect to the Easements:

(a) *Indemnity by Grantor.* Grantor shall defend, indemnify and save harmless Grantee against and from all actual liabilities, suits, obligations, fines, damages, penalties, claims, costs, charges, liens and expenses, including reasonable attorneys’ fees and out-of-pocket expenses (collectively, “**Losses and Claims**”), imposed upon or incurred by or asserted against Grantee, Mountain Operator or their Affiliates to the extent arising from or relating to (i) uses and/or activities on or within the Easement Areas by Grantor or any Affiliate of Grantor, including any Losses and Claims arising from or relating to any failure of Grantor or any Affiliate of Grantor to comply with all applicable Environmental Laws, (ii) any breach of this Agreement by Grantor or any Affiliate of Grantor and (iii) any willful misconduct, illegal act or negligence by Grantor or any Affiliate of Grantor. Nothing in the preceding provisions of this Section 10(a) is intended to or shall be construed as a waiver by Grantee or the Mountain Operator of the limitations on liability established by *Utah Code Ann. 78B-4-401 et seq. (Inherent Risks of Skiing)* as amended from time to time, or any other limitation on the liability of Grantee or Mountain Operator established by other provisions of Utah or federal law, whether now existing or established hereafter.

(b) *Indemnity by Grantee.* Grantee shall defend, indemnify and save harmless Grantor against and from all Losses and Claims imposed upon or incurred by or asserted against Grantor or Grantor's Affiliates to the extent arising from or relating to (x) any breach of this Agreement by Grantee or any Affiliate of Grantee, (y) any use of the Easement Areas by Grantee or any Affiliate of Grantee, including any Losses and Claims arising from or relating to any failure of Grantee or any Affiliate of Grantee to comply with all applicable Environmental Laws and/or (z) any willful misconduct, illegal act or negligence by Grantee or any Affiliate of Grantee.

11. **No Legal Change.** Grantor hereby covenants and agrees that Grantor shall not, and shall not permit any Affiliate of Grantor or any Resident to, propose, support or seek to effectuate any change in any applicable laws or any action by a governmental authority with respect to the Grantor Property, which change or action would reasonably be likely to materially interfere with the operation of all or any portion of the Resort (including, without limitation, Grantee's use, operation or enjoyment of all or any portion of the Easement Area pursuant to the terms of this Agreement).

12. **Ownership of Grantee Facilities.** As between Grantor and Grantee, all Grantee Facilities shall be and shall remain the property of Grantee, and Grantee may remove all or any part of the same at any time and from time to time, subject to the other terms and conditions of this Agreement. Grantee may acquire Grantee Facilities pursuant to equipment leases, conditional bills of sale or other procedures pursuant to which a third party retains a lien upon or title to the Grantee Facilities in order to finance its purchase by Grantee, and Grantor shall not have any lien of any kind whatsoever on any Grantee Facilities. Grantor shall execute in favor of any Mountain Operator, lessor, lender or other party providing financing to Grantee for or related to the Grantee Facilities documents in customary form that (i) permit the Mountain Operator, lessor, lender or financing party access to the Grantor Property to inspect and recover possession of the same and (ii) acknowledge that Grantor shall not have any lien of any kind whatsoever on any Grantee Facilities.

13. **Future Supplements.** The Parties anticipate that Grantor will establish additional phases of its residential project and in furtherance thereof will record one or more subdivision plats subdividing lands adjunct to or nearly those within the other phases. Such future plat(s) may include property that the Parties desire to include as a part of the Easement Area pursuant to this Agreement. The Parties shall have the right to include additional property within the Easement Area by jointly executing and recording one or more supplements to this Agreement describing the property or properties that are to be included within and considered a part of the Easement Area for all purpose under this Agreement. Any such supplement shall include a reference to this Agreement and the recording information for this Agreement as well as a legally sufficient description of the property or properties to be included within the Easement Area.

14. **No Joint Venture.** Nothing set forth in this Agreement will be construed as creating a joint venture, agency, or any other relationship between the Parties other than that of grantor and grantee.

15. **Authority of Parties.**

(a) Grantor represents and warrants that this Agreement has been duly authorized, executed and delivered by Grantor and constitutes the legal, valid and binding obligation of Grantor.

(b) Grantee represents and warrants that this Agreement has been duly authorized, executed and delivered by Grantee and constitutes the legal, valid and binding obligation of Grantee.

16. **Governing Law.** This Agreement is governed by, and construed in accordance with, the laws of the State of Utah without regard to principles of conflicts of laws.

17. **Entire Agreement; Modifications.** This Agreement represent the entire agreement of the parties with respect to the subject matter hereof, and, accordingly, all understandings and agreements heretofore had between the Parties are merged in this Agreement and such other documents, which alone fully and completely express the agreement of the Parties. No amendment, surrender or other modification of this Agreement will be effective unless in writing and signed by the Party to be charged therewith.

18. **Severability.** If any provision of this Agreement or the application thereof to any person or circumstance shall, for any reason and to any extent, be invalid or unenforceable, the remainder of this Agreement and the application of that provision to other persons or circumstances shall not be affected but rather shall be enforced to the extent permitted by law.

19. **Interpretation.** The captions, headings and titles in this Agreement are solely for convenience of references and shall not affect its interpretation. This Agreement shall be construed without regard to any presumption or other rule requiring construction against the party causing this Agreement to be drafted. Each covenant, agreement, obligation or other provision of this Agreement on Grantee's part to be performed shall be deemed and construed as a separate and independent covenant of Grantee, not dependent on any other provision of this Agreement. Whenever in this Agreement the singular number is used, the same shall include the plural, and the masculine gender shall include the feminine and neuter genders, and, in each case, vice versa, as the context may require. Each of Grantor and Grantee acknowledges that each party to this Agreement has been represented by legal counsel in connection with this Agreement. Accordingly, any rule of law or any legal decision that would require interpretation of any claimed ambiguities in this Agreement against the drafting Party has no application and is expressly waived.

20. **No Third-Party Beneficiaries.** The rights in favor of Grantor and Grantee set forth in this Agreement shall be for the exclusive benefit of Grantor and Grantee, respectively, and their respective permitted successors and assigns, it being the express intention of the Parties that in no event shall such rights be conferred upon or for the benefit of any third party.

21. **Prevailing Party Attorney's Fees.** If either Grantor or Grantee shall bring an action or proceeding in any court of competent jurisdiction to enforce its rights or the other Party's obligations under this Agreement, then the prevailing Party in such action or proceeding shall be entitled to be reimbursed by the non-prevailing Party for all reasonable attorneys' fees and disbursements incurred by the prevailing Party in connection with such action or proceeding. If neither Party shall prevail in such action or proceeding, or if both Parties shall prevail in part in such action or proceeding, then such court shall determine whether, and the extent to which, one Party shall reimburse the other Party for all or any portion of the reasonable attorneys' fees and disbursements incurred by such other Party in connection with such action or proceeding. Any reimbursement required under this Section 211 shall be made within fifteen (15) days after written demand therefor (which demand shall be accompanied by reasonably satisfactory evidence that the amounts for which reimbursement is sought have been paid).

22. **Priority.** This Agreement is and shall remain senior in priority to any mortgage, deed of trust, lien, security agreement or other similar agreement or instrument ("**Security Instrument**") that now exists or may in the future exist upon all or any portion of the Easement Area. Grantor and Grantee have not, and will not, enter into any agreement to subordinate this Agreement to any Security Instrument on all or any portion of the Easement Areas.
